THE KINGDOM OF GOD AUDIO
TECHINGS by Ken Fish

The Kingdom of God is a central theme in all of Scripture. It was the key message of Jesus Christ and should be ours as well.

We will gain a clearer understanding of the Kingdom of God from Genesis to Revelation and this will be the fuel for ministering in the power of the Spirit.

Our Guest Professor: Ken Fish

Throughout his life, Ken has worked with churches and parachurch ministries, and in the 1980s he worked full-time for John Wimber for several years at Vineyard Ministries International (VMI). Among his duties at VMI, he worked on various aspects of the conferences that were a hallmark of the early Vineyard movement, including researching and ghost-writing for John Wimber.

He has traveled extensively as a conference speaker, teaching on wide variety of topics ranging from leadership and spiritual formation, church growth and revival, biblical authority and exposition, to prophecy and healing and deliverance. Ken's material has been honed over many years, and he has a humorous teaching style that emphasizes both information and impartation.

Ken has taught extensively in Australia, working alongside churches as diverse as Anglican, Assembly of God, Baptist, Catholic, Foursquare, Lutheran, Methodist, Nazarene, Presbyterian, Vineyard, and non-aligned Pentecostal. His work includes vision-casting, teaching on leadership and awakening themes, equipping the saints to further the advance of the Kingdom of God, and releasing fresh anointing in the midst of visitation. In addition to his work in Australia, Ken has also ministered in over 50 other nations. These meetings are often accompanied by manifest signs and wonders that include prophetic ministry and healings of many types. Ken's material has been honed over many years, and he has a humorous teaching style that emphasizes both information and impartation.
